## EXPERIENCE

### **jhc.design, Quito Ecuador — *Design Consultant & Strategy***

April 2021- PRESENT

My private practice covered esthetic work and utilitarian projects.  
Projects differ between Venus di Milo candles & agricultural equipment.

### **Bunky Shoes, Quito EC— *Industrial Designer***

April 2019 - April 2021

Designed and prototype shoes & collections, as part of a team. I worked on brand communication & implemented new manufacturing processes.  
I created a major contribution to the company's digital presence.

### **Ecuachapas, Quito EC — *Interior Designer & Management***

September 2016 - April 2018

Meet with the clients, understanding the needs and creating proposals to satisfy the projects within time and budget. I later designed and planned logistically the project execution until the final delivery.

## EDUCATION

### **Politecnico di Milano, Milano — *Strategic Design M.s.***

October 2021 - Present

Full scope of surrounding business in design, thinking outside the box and working in collaborative environments. Utilization of design thinking tools and workshops to prototype innovative strategy.  
Collaborations include Banca San Paolo & Faber Italy

### **Carleton University, Ottawa Canada— *Industrial Design B.i.d.***

MONTH 2009- MONTH 2014

Development and creation of a solid foundation in concept development and theory in the industrial design field. Including communication tools and cad software applications that have since been refined along the full scope of my career.

## SKILLS
